Our Mission

We are committed to provide the best possible care to every patient we serve today; to search for new ways to improve the care we will provide tomorrow; to educate health care providers for the future; and to ensure access to healthcare for all.

Our Vision

We are committed to being the best place to receive care; the best place to give care; and the best place to work and learn.

Our Values and Beliefs

We believe every person has dignity and worth; therefore we treat our patients, their families and each other with *integrity, compassion, courtesy, and respect.*

We believe affordable health care should be available to everyone; therefore we work efficiently, minimize waste, and take personal responsibility for the *stewardship* of our health care resources.

We believe we are at our best when we work as a team; therefore we work in *collaboration* to provide safe, effective, timely and equitable care, always keeping the patient's needs our highest priority.

We believe our future will be secured by investing in the potential of our staff; therefore we support *learning* that leads to personal growth, opportunities for advancement, and improvement in our organization.
