Trauma & Critical Care Speakers Bureau

A service provided by the
Level 1 Trauma Center
at HCMC

Hennepin County Medical Center
HCMC
Level 1 Trauma Center

HCMC Trauma and Critical Care Outreach
Twin Cities metro area: 612-873-6002
Greater region: 1-800-346 HCMC, ext 873-6002
hcmctruma@co.hennepin.mn.us

Our mission:

Prevent traumatic injuries and other critical medical problems before they occur and optimize patient recovery through state-of-the-art care, education, research and prevention activities.

Hennepin County Medical Center (HCMC) is located in downtown Minneapolis and provides state-of-the-art trauma care for the entire region. HCMC was the first hospital in Minnesota to achieve the highest verification by the American College of Surgeons as a Level 1 Trauma Center. HCMC's trauma resources are shared with health care providers throughout the region. The Trauma & Critical Care Speakers Bureau is one way we share our expertise in trauma care delivery. The Bureau is offered as a public service to communities to help provide accurate and current trauma and critical care education.

Speakers:

Members of the Bureau are highly skilled, dedicated professionals with first-hand experience in caring for seriously injured or ill patients.

Speakers include nurses, paramedics, social workers, and other health care professionals who provide trauma and critical care, teach, and conduct research at HCMC as well as board-certified physicians in Emergency Medicine, Surgery, Orthopaedics, Neurosurgery and other trauma specialties. The majority of our physicians hold faculty appointments at the University of Minnesota Medical or Dental School and are members of Hennepin Faculty Associates (HFA), one of the area's largest group practices of medical specialists.

They are interested in sharing their knowledge, expertise and latest research with you.

What we provide:

Education through lectures, skill stations, or interactive case studies
Handout materials
CEU and CME credits
Projection equipment when not available

Program Length:

Thirty minutes to 2 hours. Longer programs are available but may be subject to a fee.

Requirements:

A minimum of 12 people present. Small groups are encouraged to invite neighboring communities or other similar agencies or personnel.

Fee:

There is no fee for this service. Honorariums are accepted but not required. They are utilized for continued trauma education program development. Mileage, lodging, and meals may be negotiated if speaker is utilized for conferences with paying participants.

Contact Information:

HCMC Trauma and Critical Care Outreach
Twin Cities metro area: 612-873-6002
Greater region: 1-800-346 HCMC, ext 873-6002

If you have a specific topic or speaker in mind, please call as far in advance of your program as possible. This will ensure availability on your selected date(s). The more notice the better, but don't let a last minute need prevent you from calling.

Cancellations:

If less than 10 people attending or for speaker family emergencies/illness.
